GMP Fiscal Report Shows Effective Economizing

This issue of Horizons contains the Fiscal Report for the year ending October 31, 2007. I recommend that you read it closely.

The Fiscal Report provides a clear indication that our efforts to maintain GMP services are at the highest levels. At the same time, we are economizing whenever possible. Our intention remains to provide cost-effective, dedicated and determined representatives to you, the GMP membership.

In a trial of continuing opposition to unions, the GMP has persevered. Our record of service is unchallenged. Our productive negotiating in collective bargaining with employees has brought advances to our members. The protections of a GMP contract have secured dignity on the job for many of our members in difficult circumstances.

GMP officers have represented many of their union brothers and sisters in grievance arbitration proceedings. Sometimes legal assistance has been required and provided by the International Union. These are necessary and costly activities. We are proud to provide the needed service.

Our education and research services give valuable assistance to local union leaders. It, too, is a costly effort.

All of these vital components of union service have a price tag.

Each of our members bears his or her share through their monthly dues payment. Your International Officers are grateful for the support of the membership. We know that

we can always count on the GMP membership to back us up.

Now as we approach the August 2008 Convention, it has become obvious that a dues increase is required. The International Union has been open and frank in discussing its need for a dues increase. GMP Officers and Staff have discussed a dues increase with local union leaders and members across the country.

I have every confidence that any GMP member who seeks more information on the necessity of a dues increase can get it from International or Local Union Officers. We are all involved in keeping our great Union strong.

As we announced at last year's Educational Conference, the International requires a six-dollar monthly increase. Despite a faltering economy and heavy expenses in the past year, we will stand by our request for a six-dollar increase.

The GMP membership has never failed to support the International Union. The International Union has never failed in its dedication to the membership. We rely upon the delegates to the 2008 Convention to vote us the funds we need to serve you.

I pledge to you that the International Union will use the funds you provide with the utmost prudence. We will use your dues to give the GMP membership the finest representation in the Labor Movement.

GMP Board Of Audits Meets

The GMP Board of Audits met in February to review the International Union's finances for the year ending October 31, 2007. Seen here are (standing, L-R): International Secretary-Treasurer Bruce Smith, International President John P. Ryan,

Fred Neibauer, Controller, and (seated, L-R): Local Union 446 President Richard Wood, Local Union 21 President Shirley Hutchings, Local Union 419 member Linda Dickey and Local Union 140 President Steve Schmillen.

Richard Wood and Shirley Hutchings.

Linda Dickey and Steve Schmillen.

Fiscal Report

**Glass, Molders, Pottery, Plastics &
Allied Workers International Union
AFL-CIO, CLC**

March 2008

March 1, 2008

To the Members of the Glass, Molders, Pottery, Plastics & Allied Workers
International Union (AFL-CIO, CLC)

Greetings:

Please examine the Fiscal Report for the year ending October 31, 2007 that is
printed in this issue of Horizons.

Our great International Union stands financially sound. We meet all of our
many obligations and maintain our record of service. Our record of service is
unparalleled. The GMP will continue to give its members the service they deserve
and require.

The International Union's leadership is determined to act prudently with the
organization's financial resources. At the same time, we are committed to act with
determination on behalf of our membership.

Rest assured your dues monies will be used wisely.

The officers and staff of the International Union thank the membership for its
support. We have much that we can accomplish together.

We intend to fulfill your expectations.

With best wishes for the year 2008, I am

Fraternally,

John P. Ryan
International President

DUTIES OF THE LOCAL UNION AUDITING COMMITTEE

Article 20, Paragraph 23. Three members, in good standing in the Local Union shall be appointed by the Local Union President as a Local Union Auditing Committee whose duty it shall be to audit the accounts of the Local Financial Secretary-Treasurer and render a full and correct report to the Local Union semi-annually.

Paragraph 24. In the event of discrepancies or shortages found in any audit, it shall be the responsibility of the Local Union Auditing Committee to report them to the International Union. The International Union shall assign an International Union Auditor to investigate the matter further and upon completion of said investigation the International President shall take whatever action he deems necessary.

Paragraph 25. This Local Union Auditing Committee shall meet as soon possible after receipt of the annual report of the International Secretary-Treasurer, and shall compare the accounts of the Local Union Officers with the figures appearing in the annual report, and to the Local Union whether or not the figures agree.

Paragraph 26. All Auditing Committee reports shall be made in writing and placed in the minutes of the Local Union Recording Secretary and a copy of the annual audit sent to the International Secretary-Treasurer on forms furnished for this purpose by the International Union.

REPORT OF THE BOARD OF AUDITS

TO THE OFFICERS AND MEMBERS OF THE
GLASS, MOLDERS, POTTERY, PLASTICS & ALLIED WORKERS
INTERNATIONAL UNION
MEDIA, PENNSYLVANIA 19063

As required by Article 14 in the Constitution, International President John P. Ryan has appointed the Board of Audits for the fiscal year ended October 31, 2007. The following members of the International Union have been appointed:

Richard Wood, Local Union 446, Woodstock, Ontario, Canada
Shirley Hutchings, Local Union 21, Salem, New Jersey
Linda Dickey, Local Union 419, Newell, West Virginia
Steve Schmillen, Local Union 140, Streator, Illinois

The Board examined and verified the financial report, receipts, disbursements and investments of all activities of the International Union, by making a detailed audit of all financial operations for the fiscal year ended October 31, 2007.

The Board submits the following reports:

(1) VERIFICATION OF THE ANNUAL FINANCIAL STATEMENTS

The Board reviewed the books of entry in which the dues, fees, bonding receipts and supplies received by the International Union were recorded in the computer, which in turn generated the Daily Cash Receipts Journal printouts, which were then compared to the designated bank statements.

Investment income of interest and dividends, contract printing and miscellaneous receipts were verified for receipts and deposits and found correct as shown.

All disbursements for operations, services, conferences, conventions, investments and other International Union activities were paid by checks, which were recorded and prepared on the books of entry with the aid of the computer system. These canceled checks were compared to the bills for these activities and found to be ordinary and necessary, and for the benefit of the members of the International Union.

(2) EXAMINATION OF INVESTMENTS

On Saturday, February 23, 2008, the Board of Audits, together with the International President, the International Secretary-Treasurer, and the Controller, reviewed the securities removed from the safe deposit boxes of the PNC Bank, Media, Pennsylvania, and other securities held in the offices of the International Union, for the purpose of examining the securities of the General Fund, Death Beneficiary Fund, Security Fund, GMP Memorial Scholarship Fund, Conference Fund and Convention Fund and listed the following:

The physical examination of the securities agreed with the International Secretary-Treasurer's report as of October 31, 2007.

(3) THE GENERAL FUND

The General Fund was found in agreement with the published reports of the International Secretary-Treasurer. The General Fund is the operating fund for all the ordinary and necessary activities of the International Union, which includes responsibility for all field services, arbitrations, legal matters and all other things pertaining to the general welfare of the entire membership from Convention to Convention.

(4) THE DEATH BENEFICIARY FUND

The Sixty-Fifth Convention held in May 1973, approved an increase in the International Dues of \$1.00 per month effective July 1, 1973, which would be set aside and transferred to the Death Beneficiary Fund, which would provide a Death Benefit for each and every member in good standing. The Sixty-Ninth Convention increased the International Dues for the Death Beneficiary Department to \$2.00 per month effective January 1, 1993. When a member meets the requirements as set forth in the Rules and Regulations of the Death Beneficiary Department, the member is no longer required to make contributions for benefits. The Board of Trustees, which is composed of the International President and the International Secretary-Treasurer, announced at the Educational Conferences held in September of 1982, that this Death Benefit would be \$2,000 on or after January 1, 1983, for all eligible participants who had not reached the age of 65 on or after January 1, 1983. This Death Beneficiary program is possible because of the prudent management policies of the Board of Trustees and the International Staff. However, there are still some benefits that will only provide \$125, \$200, \$225, \$250, \$350, \$450, \$500, \$700, \$1,000, or \$1,500, based on the times when the paid-up benefit became available.

During the fiscal year ended October 31, 2007, the International Office processed and paid 815 death benefits to the beneficiaries designated by our deceased members.

The Board examined the applications for death benefits and verified proof of death and membership in good standing for claims paid. These receipts and payments agree with the annual report. The excess receipts have been invested.

(5) THE SECURITY FUND

The Security Fund, established by Convention action in 1957, has been set up to defray the cost of necessary direct action for the benefit of the members of the International Union.

Fifty Cents (\$.50) of the International Dues presently paid monthly by each member is allocated and deposited to this Fund. The

Fund was found adequate in compensating those members who were involved in strike actions, which were taken as a result of unsettled wage negotiations held during 2007.

As adopted and revised by the 72nd Convention in August 2004, the investment income of the Security Fund may be transferred for use as an organizing fund only if, in the view of the Trustees, the Security Fund assets are sufficient to maintain the Fund's integrity, and the Fund exceeds a balance of \$8,000,000. (FMV)

No transfers of investment income were made for the fiscal year ending October 31, 2007.

The Board verified the receipts of the Security Fund and noted the disbursements incurred as a result of the necessary direct action taken for the benefit of the members of the International Union.

(6) THE CONFERENCE FUND

The Conference Fund, established by Convention action in 1965, has been set up to defray the costs of the Conferences and wage negotiations for the benefit of all our Local Unions. The investment earnings in the Conference Fund accumulate in the General Fund.

The International President has allocated sufficient funds to meet the requirements of the wage negotiations and conferences which were held during the period November 1, 2006 to October 31, 2007, and to fund the future wage negotiations and conferences which are scheduled in the following year.

The Board verified the receipts of the Conference Fund and noted the disbursements incurred as a result of wage negotiations and conferences held for the benefit of the members of the International Union as of October 31, 2007.

(7) THE GMP MEMORIAL SCHOLARSHIP FUND

The GMP Memorial Scholarship Fund is continuing its modest and stable growth each year. The International Union announced in June of 2001 that instead of six new scholarship awards each year, there would be eight new scholarship awards. Also, the International Union announced that effective June 1, 2000, each award was increased from \$3,500 to \$4,000 each year. There are presently thirty-two recipients from this Fund in college. All of the recipients are children of GMP members.

The members of the International Union should be very proud of this major accomplishment and should continue to contribute and support this Fund. The figures are in agreement with the Annual Report.

(8) THE CONVENTION FUND

The Sixty-Second Convention held in March 1961 approved a Fund called the Convention Fund. This Fund has been used to defray the costs of Conventions, and the Sixty-Third Convention, the Sixty-Fourth Convention, the Sixty-Fifth Convention, the Sixty-Sixth Convention, the Sixty-Seventh Convention, the Sixty-Eighth Convention, the Special Merger Convention of 1988, the Sixty-Ninth Convention, the Seventieth Convention, the Seventy-First Convention and the Seventy-Second Convention were properly funded with the dues allocations. The investment earnings in the Convention Fund accumulate in the General Fund.

The International President will allocate amounts sufficient to fund the Seventy-Third Convention, which will be held in 2008.

(9) COMMENTS

The Board of Audits finds that the GMP leadership, International President John P. Ryan and International Secretary-Treasurer Bruce R. Smith, have continued the bold and decisive campaign to strengthen the GMP International Union finances. They have shown a determination to protect the various funds of the International Union, with a high caliber and diversified portfolio of investments in the General Fund, the Death Beneficiary Fund, the Security Fund, the Conference Fund, the GMP Memorial Scholarship Fund and the Convention Fund. These financial decisions and other cost-saving measures are balanced by an equally energetic commitment to service to members, and we applaud their efforts.

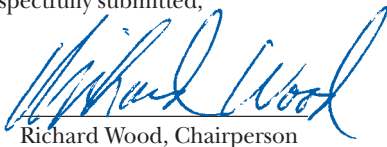

The Board has found the GMP records in a precise, orderly and professional condition. The staff of the International Union has offered every assistance to us in our review of the Union's finances.

We are pleased that so many Financial Secretaries and Financial Secretary-Treasurers of the Local Unions comply with the submission of their financial reports in a timely manner. We urge everyone charged with these duties to meet their responsibilities.

This report is of importance to every GMP member. We heartily recommend that every GMP member read it and become aware of the financial strengths and needs of our International Union.

The Board of Audits finds that the GMP, its officers and staff, has ably met the challenges of our times and looks forward to a future in which these plans bring renewed strength and growth to our great International Union, the Glass, Molders, Pottery, Plastics & Allied Workers.

Respectfully submitted,

Richard Wood, Chairperson

Local 304B Members, Ward Manufacturing Receive OSHA VPP Star Award in Blossburg, PA

On February 28, 2008, Ward Manufacturing, LLC, Ward-Flex and Hitachi Metals Automotive Components USA, LLC (HMAC, USA, LLC) along with its employees of Local Union 304B, located in Blossburg, PA and Lawrenceville, PA, were recognized with the prestigious OSHA VPP Star award at both locations. The facilities are owned by Hitachi Metals America, LTD.

A three-year process with involvement from the members of Local Union 304B and management gained the facilities' highest honor in Work Place Safety. Two teams of OSHA officials spent the week investigating the facilities.

The OSHA VPP Program involves less than 2000 work sites across the country out of 8 million work sites. The Star rating is the highest obtainable honor and was granted at both locations. HMAC was 65% below the foundry industry average for workplace accidents.

According to the Department of Labor, the Voluntary Protection Programs (VPP) promote effective worksite-based safety and health. In the VPP, management, labor and OSHA establish cooperative relationships at workplaces that have implemented a comprehensive

safety and health management system. Approval into VPP is OSHA's official recognition of the outstanding efforts of employers and employees who have achieved exemplary occupational safety and health.

Ward was 56% below the foundry industry average for workplace accidents. Both locations were in the same percentage ranges for below averages in serious injuries within the foundry industry. The facilities additionally have twice gone over 1 million hours without a lost-time accident.

A ceremony conducted on February 28, 2008, was attended by OSHA officials, Local 304B President David Crocco, Local 304B (HMAC) Vice President Tim Christman, Local 304B (Ward) Vice President Steve Rudinski, GMP International Vice President Walter Thorn, GMP International Representative Kim McNeil and management teams from HMAC, Ward Manufacturing and Ward-Flex. Safety in the workplace is a TEAM effort!

GMP International Vice President Walter Thorn, International Representative Kim McNeil and Local Union 304B officers also toured the manufacturing facilities of Ward, Ward-flex and HMAC while attending the OSHA VPP Star ceremony.

CONSUMER PRICE INDEX

The National Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) is the basis on which our Cost of Living clauses are calculated. Thus, changes in the CPI-W are the basis for wage increases as required by many GMP contracts.

The Bureau of Labor Statistics which publishes the Consumer Price Index has re-formulated the CPI-W, and discontinued the old index in July, 1985 when it published the June, 1985 Index. The new CPI-W reflects a change from home ownership costs to rental equivalent costs.

GMP HORIZONS will continue to publish the CPI-W for the benefit of GMP members.

Although most contracts call for a COL increase based on an increase in points, some have provisions for increases based on percentages. Therefore, both the percentage increase and point increase are shown below.

Effective dates and terms of the contract clauses vary. Consequently, an interested member should consult his current Union Contract for effective dates and provisions. He then can judge from the changes noted in the table if the agreement provisions call for an increase.

For purposes of gauging changes, the base index will remain 1967 = 100.

In a Topsy-Turvy Year Voters Want Clear Plans

This has been a topsy-turvy year. And it's only three months old.

Politically, we have seen frontrunners fall by the wayside. So long, Rudy, this country is only big enough for one Terminator. And who now remembers the once-fearsome campaign of Fred Thompson, another former future president.

We have seen the power of money and sanctimony overcome by the less than forthright straight talker who wrapped up the Republican nomination for president.

Despite deepening economic ills (unemployment, weak dollar, trade deficit, oil prices), the press is exploring John McCain's temper tantrum and not his self-confessed ignorance of economics.

On the Democratic side, we have the ongoing saga of the Clinton-Obama feud or the Obama-Clinton Feud, if you prefer.

We have heard from the so-called pundits, the political seers, who call for more strident attacks on the part of this one or that one. We have also heard from those who want a sane and congenial discussion for the good of the party. Never have we the public been so subjected to the tactical analysis of how to go about winning the presidential nomination.

Your paperboy could probably join a panel discussion with Chris Matthews, Tim Russert or Lou Dobbs and make some valid points. Perhaps, he already has.

Unfortunately, all of this pre-bout fight talk from the candidates' corners and the press box doesn't really serve the public. The public needs a full description of what the presidential candidates would actually do if they won the office.

Somehow, it doesn't seem right that our elections can be swayed by a 60-second commercial. Or that one jibe or chance remark can undermine a candidate. This isn't a high school class office that's in contention.

The American people have expressed themselves about the war in Iraq. Who is listening? We are looking at a deepening recession. Our infrastructure needs a massive overhaul. As somebody once said, where's the beef?

The rights of working people to organize have been trampled and ignored. Has any candidate stated explicit support for Labor? Why not? Why are they reluctant to show their support for workers and unions, when they call upon us to support them without any reservations?

The Bush administration has expanded its powers and acted without regard for the Constitution. Its program of wiretaps, extraordinary rendition, torture, stonewalling and corrupting the Executive departments is well-documented. Will the next president roll back these practices? Will the candidates commit to re-establishing the balance between the White House, Congress and the Judiciary? Will the next president put his signature on laws he or she intends to disobey?

Will the next president reveal his or her character through a negative, malicious campaign and reveal how they would use presidential powers?

Health care is a disaster for many Americans, although John McCain lauds our system. Admittedly, he has great health care as a Senator. The Democratic candidates may differ on the specifics, but in general, they are looking to expand coverage.

Americans have a host of other concerns: Social Security, education, immigration, national security and civil rights. We want to know the candidates' intentions. Promises of a brighter day absent a framework of programs leaves us grasping.

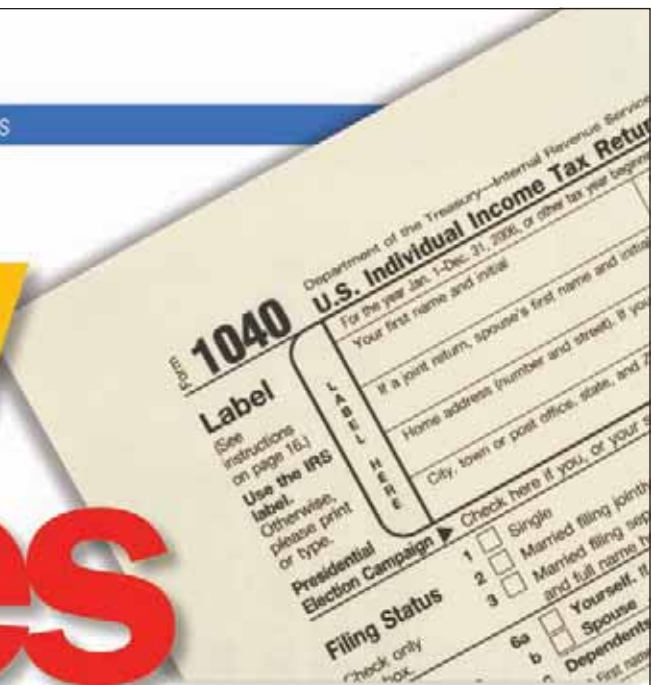

We want a plan of action. Candidates should tell us what they would do as they address the nation's issues, problems and crises.

This has been a topsy-turvy year, all right. Too many politicians have run their victory lap before they crossed the finish line. They left the field looking foolish. Those who remain should avoid posturing. They should be specific about their intentions.

Plenty of time remains. We still have eight more months until the election.
